## Self-introduction

I was active in sports like basketball, athletics and rugby during my years in Ying Wa. The opportunity to become the Basketball Team captain also helped cultivate my leadership, time management and interpersonal skills.

I am grateful to Ying Wa for its nurturing environment which helped me grow. The positive attitudes and skill sets are all transferrable to other areas in my life. All of these things have propelled me towards a professional career as a clinical psychologist to promote positivity and mental well-being now.

And it's time for me to give back.

Since graduation, I have always been connected with Ying Wa through reunions with former teachers and classmates, supporting the school basketball team, and being a mentor in the Mentorship Programme. I have also shared in the morning assembly, provided psychological support post critical incident, and joined different school events. It's my pleasure to make use of my knowledge, skills and strengths to contribute, commit and serve our alumnae. And I look forward to meeting you all soon at AA.
